

Perlite Cryogenic Insulation

CECA launches its new Perlite Insulation brochure dedicated to industrial cryogenics professionals.

Paris, 19 February 2008

Out now !

The CECA Perlite Insulation team, based on the Abidos site in France, offers its services to its international customers to help them enhance their performance. CECA is the world specialist in perlite insulation, a reliable and cost-effective cryogenic insulation technique using expanded perlite.

A pioneer and a leader in this field, for over 40 years CECA has been offering an expanded perlite range under the trademark CECAPERL[®], together with cutting-edge cryogenic insulation services.

« **Some 400 references around the world testify of the trust our customers put in us in this regard**, states Eric Demangel, Head of CECA's Perlite Insulation business. **We have developed expert knowledge, backed by highly operational teams.** »
